 Margaret Taylor Ullizio Bora Atalay Apparently not. Women are not believed.   3

 Mary Ann Cannon Ivy Isabella Inveninato It isn't just feminists who get sexually assaulted...but it tends to make you one.   1

 Bora Atalay below are not my words Saw this comment - so i copied it.  
  
Here's a timeline:  
1982 - Something may or may not have happened with another 2 (or 4) teenagers at a party, she cannot remember who threw the party, where the party was held, who she was with or how she got home. She was drinking and said nothing to anyone.  
1983  
1984  
1985  
1986  
1987  
1988  
1989  
1990  
1991  
1992  
1993  
1994  
1995  
1996, Dr. Fords parents had their bankruptcy case dismissed by Brett's Mother  
1997  
1998  
1999  
2000  
2001  
2002... She said nothing.  
July 25, 2003: President George W. Bush nominated Kavanaugh to the United States Court of Appeals for the D.C Circuit... She said nothing.  
2004  
2005... She said nothing.  
May 11, 2006: The United States Senate Committee on the Judiciary recommended confirmation, Kavanaugh subsequently confirmed by the United States Senate... She said nothing.  
June 1, 2006: Kavanaugh sworn in by Justice Anthony Kennedy... She said nothing.  
2007  
2008  
2009  
2010  
2011... She said nothing.  
2012... She remembered 'something' happened in 1982, yet doesn't name Kavanaugh, still said nothing to authorities.  
2013  
2014  
2015  
2016  
2017 - becomes an anti-trump activist.  
2018 - now 36 years later, with Kavanaugh's SCOTUS confirmation looming, she pens an anonymous letter with grave accusations against Kavanaugh regarding foggy circumstance that occurred while they were both minors, then reveals herself and DEMANDS an FBI investigation before testifying to her incredible allegations? A little fishy don't you think?  
  1

 Janice Nelsen His interview sucked big time. Belligerent, disrespectful and angry. He is not good judge material whereas she was calm and collected.   1

 Chris Schmidt Because the accuser named him 6 years ago in private to a therapist. To me... that is a huge thing. That means it has nothing to do with politics.  
  
And yes in our country we believe women because in many other countries women are treated like 2nd class citizens.  
  
Beyond the accusation is his behavior which is absolutely unacceptable for a judge of any caliber let alone for the supreme court. He has show himself to be partisan, prone to temper and emotional outbursts, and lying about the simplest things.  
  5

 Duane Wolski Margaret Taylor Ullizio Without evidence.   5

 Kimberly Glat Collins I am willing to hold off judgement on whether he did it or not unless there is proof. But, he has already proven that he doesn't have the demeanor to do this job. I can see by his face that he is an alcoholic. I am trained in substance abuse counseling. He has rage issues. He is not someone who should be a member of our highest court.   4

 Morgan Metzger I recommend reading more about the situation. There are people who may be able to say it happened, or not but they have not been questioned. She offered to help figure out location. Who cares who paid for a polygraph- it still tells the truth.  
  
And no, in our country, the men are always believed before a woman. So whomever wrote the above is not well informed.  
  2

 Marie Feijo Funny men who accused priests of rape had no evidence either and Cosby's victims had no physical evidence and were decades old.   1

 Jutta Thompson So, what are you really saying with your time line? That what happen does not matter. Have you ever been abused by anyone?   1

 Bora Atalay Marie Feijo lol those accusers had tons of evidences and witnesses   1

 Rushikesh Ghatpande So he's perfectly reasonable as long as he is under job related stress (tough questions by senators) but fights back when he's accused of sexual assault and his life is being destroyed. 🤔  
  
I fixed it.   7

 Tracey Roberts He had his privilege challenged!   12

 Nikki Sickles Rushikesh Ghatpande not getting appointed to the Supreme Court is not going to destroy his life.   15

 Anna Wallace Rushikesh Ghatpande You fixed nothing. He didn't raise questions he showed his true colors and you like it. So sorry for your willful ignorance.   11

 Wendy Young Rushikesh Ghatpande yeh, because you judge a persons temperament strictly on things they want to hear. I mean how many excuses can you make? Conduct not becoming of a judge. Stop maki g excuses!   7

 Brian Maslach Rushikesh Ghatpande How would he have reacted to someone in his courtroom throwing a ft like that? I suspect, not favorably.   10

 Nikki Sickles Martin McGregor ummm, he didn't cry.

- He threw a temper tantrum. And she's not the one up for a seat on the SC. HRC was grilled for 11 hours and maintained her composure the entire time.

- Diane Webb Rushkesh Chatpande his life is being destroyed? Really? Was he sexually assaulted? Has one of his children been murdered? Are his medical bills causing him to go bankrupt? He brought this on himself. He is not entitled to a seat on the Supreme Court any more than he was entitled to any woman's body. He still has a lifetime appointment as a federal judge. He still has his family. His life is not destroyed.

- Jeremy S. Slavin Anna Wallace Actually, look at his record as a judge. Look at his decisions/opinions. That's the measure of the man's ability to serve on SCOTUS. Not a hearing in which a man vigorously defended his honor, work, and family.

- Bob Renfro I like some fight in a conservative for a change... I guess it's ok with a lot of you if unfounded accusations are thrown at this man and he's to just put his tail between his legs & and just go away? Wonder how YOU would handle a bunch of jerks trying to destroy you if it's... if you have one...

- Carlo Iacono You should probably read up on the details prior to claiming it's 'unfounded' and here's something that will blow your mind - he may well have forgotten as it meant so little to him! And here's another mind blowing snippet, this is a job interview for a job for life and that job needs to be done in a calm rational, non partisan manner ...

- Chris Schmitt Explain the precognition required for the accuser to name him as her attacker 6 years ago. If wait.

- Anne Jones Stewart Bob Renfro how cute that you used a strictly MALE pejorative term to describe the people who would have liked for BK to prove he's worthy of this lifetime position. Even though we know that you are blaming the women who have come forward. Yep, it's always about the male point of view, isn't it? I doubt that you will ever "get it."
